

FEDERATION SPEAKER/DEMONSTRATOR REPORT

It would greatly assist the Federation in maintaining the standard of Speakers and Demonstrators on its list if Societies would complete this form when they have had a Speaker or Demonstrator who has given them any cause for concern with regard to quality of their talk/demonstration.

Also we would be pleased if you could use the lower part of the form to advise us of any speaker/demonstrator that you have engaged, who is not currently on the Federation List but whom you consider to be very good and whom you think it worth us approaching with a view to including them on the list. Your help will be greatly appreciated.
